MISSION & EDUCATIONAL PHILOSOPHY

Mission Statement

St. Elizabeth School is a Catholic center of education, a service to the parish and the community at large. The mission of St. Elizabeth School is to provide an environment which will foster Catholic moral values and academic excellence. The school, working together with family, faculty and parish community, strives to open new avenues of learning, stimulate critical and creative thinking, stress personal values and promote an awareness of our uniqueness in God's redemptive plan. As an instrument of the Catholic Church, St. Elizabeth School focuses its education on growth in Christian living and service.

Philosophy, Objectives, and Purpose of Program

Philosophy

St. Elizabeth School philosophy reflects the Judeo/Christian ideals which the school strives to achieve through its programs. St. Elizabeth School is a Catholic center of education, a service to the parish and community at large. The school is grounded in our faith community. We are committed to providing an environment which will foster Christian values and academic excellence.

The family and schoolwork together to provide quality education. The school, supported by the family, strives to open new avenues of learning, stimulate critical and creative thinking, stress personal values, and promote an awareness of our uniqueness in God's redemptive plan. As an instrument of the Church, our school focuses its education on growth in Christian living and service.

PARENT'S ROLE IN EDUCATION

We, at St. Elizabeth School, consider it a privilege to work with parents in the education of children because we believe parents are the primary educators of their children. Therefore, it is your right and your duty to become the primary role models for the development of your child's life---physically, mentally, spiritually, emotionally, and psychologically. Your choice of St. Elizabeth School involves a commitment and exhibits a concern for helping your child to recognize God as the greatest good in his/her life.

Good example is the strongest teacher. Your personal relationship with God, with each other, and with the Church community will affect the way your child relates to God and others. Ideals taught in school are not well rooted in the child unless these are nurtured by the example of good Catholic/Christian morality and by an honest personal relationship with God in your family life.

Once you have chosen to enter into a partnership with us at St. Elizabeth School, we trust you will be loyal to this commitment. During these formative years (Pre-K to 8), your child needs constant support from both parents and faculty in order to develop his/her moral, intellectual, social, cultural, and physical endowment. Neither parents nor teachers can afford to doubt the sincerity of the efforts of their educational partner in the quest of challenging, yet nourishing, the student to reach his/her potential. It is vital that both parents and teachers remember that allowing oneself to be caught between the student and the other partner will never have positive results. To divide authority between school and home or within the home will only teach disrespect of all authority. If there is an incident at school, you as parents must make the investigation of the complete story your first step. Evidence of mutual respect between parents and teachers will model good mature behavior and relationships.

Together, let us journey through the school year with a commitment to partnership as we support one another in helping your child to become the best person he/she is capable of becoming.

ADMISSION & ATTENDANCE POLICIES

Non-discrimination Policy

St. Elizabeth Catholic School admits students of any race, color, sex, or national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate based on race, color, sex, or national and ethnic origin in the administration of its educational policies, admissions policies, scholarships, loan programs, athletics, or school administered programs. Our schools do reserve all their rights as religious entities in accord with the teachings of the Catholic Church, the protections of the First Amendment of the U.S. Constitution, and the Illinois Religious Freedom Restoration Act 775 ILCS 35/.

The pastor and school administration will ensure that these policies are followed. Concerns will be addressed through the Grievance Procedure listed in the Discipline and Conduct section of this handbook.

All students entering St. Elizabeth School must be admitted by the principal who determines if St. Elizabeth can sufficiently meet a child's needs. Special financial hardship requests must be made directly to the Pastor for approval.

We comply with Title IX, IDEA, ADEA, Title VI and VII of the Civil Rights Act, and The Americans with Disabilities Act of 1990.

Title IX

St. Elizabeth School adheres to the tenets of Title IX: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

Admissions

At the time of admission, when enrolling a child we agree to uphold and teach the basic Catholic values being taught at St. Elizabeth School.

St. Elizabeth School, Granite City IL, admits students of any race, color, sex, nationality and ethnic origin to all rights, privileges, programs and activities generally accorded or made available to the students at the school. It does not discriminate on the basis of race, color sex, nationality and ethnic origin in administration of its educational policies, scholarship and assistance programs, and athletic and school administration programs.

*Depending upon the progress of the budget/tuition process, the principal will set the dates for registration. Typically, registration is held in late March or early April. The public is notified of registration in the church bulletin, school website and through local advertisement. Existing parents are notified through the church bulletin, school newsletter and school website. The registration process in the spring is very crucial in **determining class size and textbook needs.***

The following admission guidelines will be followed:

- 1. Kindergarten enrollers must be five years of age by September 1. (School code of Illinois)*
- 2. The non-refundable book fee is due at registration or a predetermined deadline. It is set by the principal, pastor and finance committee.*
- 3. Classes will be limited as follows: K - 3: 25 - 30 and Grades 4 - 8: 30. Grades that currently have two classes will each close at this number. The closing, re-opening, splitting, or combining classes will be at the discretion of the principal and pastor. Those students registering after a class is closed will be placed on a waiting list and will be notified as soon as an opening becomes available. Enrollment is NOT on a first-come, first-served basis. Depending on various factors, the school will attempt to admit students in the following order:*
 - a. The student's parents are active, supporting, and registered members of St. Elizabeth parish with other children already enrolled in the school.*
 - b. The student's parents are active, supporting, and registered members of St. Elizabeth parish without other children already enrolled in the school.*
 - c. The student's parents are active, supporting, and registered members of ANOTHER PARISH with other children already enrolled in the school. (Students with siblings in school will be given special consideration.)*

- d. *The student's parents are active, supporting and registered members of ANOTHER PARISH without other children already enrolled in the school.*
- e. *The student's family is non-Catholic but wishes to follow the policies of St. Elizabeth School.*
 - *Final decision rests with the principal/pastor based on whether St. Elizabeth can meet a child's needs.*
4. *Our tuition schedule is tiered: Active Catholic Parishioner and Non-Catholic/Non-Parishioner. Tuition schedules are published yearly. To be eligible for this tuition schedule, each family is required to participate in the Scrip Program by purchasing a required amount set by the pastor and finance council. Families are also required to complete time and talent hours and work bingo monthly.*
5. *The definition of a "Parishioner" is one who:*
 - a. *Has registered in the parish office*
 - b. *Actively participates in the Catholic faith by attending Mass every weekend.*
 - c. *Participates in the envelope system on a regular basis*
 - d. *Child/ren has/have been baptized in the Catholic faith.*
 - *Final decision on status shall rest with the Pastor*
6. *Financial hardship cases are available only to St. Elizabeth Parish families and must be presented to the Pastor at the Parish Office. This applies to tuition and book fees.*

St. Elizabeth Catholic School shall make every reasonable attempt to provide a Catholic education to students with disabilities. Those students who cannot be fully integrated into the total regular school program shall be encouraged to take advantage of dual enrollment. When students in the Catholic school are in part-time enrollment in public schools or public-school programs, every reasonable effort shall be made to cooperate with public school personnel to facilitate such attendance

Transfer Students

Students who wish to transfer to our school may be evaluated prior to their admittance to ascertain proper placement and to predict academic success. New students will then be reviewed by the teachers, principal and/or pastor at 3 weeks, 6 weeks, and 9 weeks, with the typical trial period ending after the first quarter of the school year. This trial period provides time for the student to adjust to a new school setting and to demonstrate academic commitment and responsible behavior consistent with St. Elizabeth standards. In the event that a student does not demonstrate satisfactory academic commitment and responsible behavior during this trial period, the student may be required to withdraw from the school.

Gender Identity

Students and their parents are expected to live virtuous lives guided by Gospel values and the teaching of the Church as described in the Family School Agreement (BK3:404.1). Students shall conduct themselves in accord with their biological sex at all times.

Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall ensure that the child attends school during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age,

shall ensure that the child attends school during the entire time school is in session. Daily attendance is required

1. Attendance will be taken daily by the classroom teacher and recorded for the purpose of report card requirement. The absentees' names are turned in daily to the office.
2. There are times when a doctor's permit may be requested. For non-participation in PE, a doctor's note is required stating the nature of the injury or illness and a date when the child may return to PE activities.
3. When a child must leave school during school hours (sickness and appointments), the parent must sign the child out. If the child later returns to school, the parent must sign that the child has returned. The sign-out/return book is at the office.
4. Excessive absence could be the cause for retention.
5. Taking students out of school for vacations and sports tournaments is highly discouraged. **Teachers are not required to give advance work when this occurs.**
6. A student's attendance is recorded on permanent record.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school administration, circumstances that cause reasonable concern to the parent or guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS (gr 6-12 only), or other reason as approved by the building principal. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent or guardian is an active-duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The school administration, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent or guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal. The school may require documentation explaining the reason for the student's absence and will presume that an absence is unexcused unless families present the school office with documentation indicating otherwise.

In the event of any absence, the student's parent or guardian is required to call the school at **618-877-3300** before **9AM** to explain the reason for the absence. If a call has not been made to the school by **9:00AM** on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall

result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Should a student be absent for more than five days in a semester, he/she may be required to supply the school office with a written doctor's excuse in order for that absence to be excused. After ten days absent from school in one semester, failure to supply the school office with a doctor's note or pre-arranged note, the absence will be reported to the Regional Truant Officer. The Regional Truant Officer will then handle the report according to state law.

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he or she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students are responsible for making up all the work missed due to absence. This work will be placed on a table by the office for pick-up after 2:45 p.m. on the day of absence. Please do not ask teachers to prepare assignments before the end of the school day. This would cause disruption in the instruction of other students. Missed work should be completed and assignments turned in at the teacher's discretion.

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that schools are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies. Schools should also make resources available to families such as those provided through the State Board of Education's Family Engagement Framework to support and engage students and their families. These resources are meant to foster heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions. The school uses the following diagnostic procedures for identifying the causes of unexcused student absences: interviews with the student, his or her parent or guardian, and any school officials who may have information about the reasons for the student's attendance problems.

Supportive services to truant or chronically truant students include parent conferences, student counseling, family counseling, and information about existing community services.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a crucial issue and will be dealt with in a serious manner by the school. Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the 180 prior regular school days without valid cause are chronic truants (This equates to 9 or more days of unexcused absences). Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school. A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

ACADEMICS & RECORDS

Books

Students are responsible for the care of their textbooks and school library books. A fee will be charged for books that are lost or damaged. Books should be brought to and from school in a book bag. It is required that textbooks be covered to prevent damage.

Catholic Instruction [required]

St. Elizabeth School is deeply committed to helping students see and understand the ways in which faith and reason complement and reinforce one another in the life of the virtuous man or woman. This motivation animates our rigorous academic curriculum and is at the heart of our earnest efforts to shape the character and cultivate the spiritual life of our students. For this reason, St. Elizabeth provides regular activities and lessons focused on worship and praise of God, spiritual reflection, catechesis, and service to the wider parish and regional community. The aim of these endeavors is to encourage every student to become his or her noblest and best self.

Each Catholic school in the diocese must provide daily instruction in the Catholic faith for every student. Liturgical celebrations (especially Mass and Reconciliation), in accord with approved liturgical norms, and service opportunities shall be an integral part of the catechetical program, and all students shall participate as appropriate.

Field Trips [required; add additional details, if needed]

The school administration shall authorize only those field trips that are appropriate educational or catechetical experiences. Field trips are a privilege for students, not a right. Students must abide by all school policies during transportation and participation in all field trip activities and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. Furthermore, children, adolescents, and accompanying adults attending field trips or other parish sponsored trips shall be informed that participation in such events requires that they adhere to a code of behavior. This code of behavior, which applies to both minors and accompanying adults attending said functions, is as follows:

1. Each person will respect his or her individual dignity, self-worth, and value in God's eyes.
2. Each person will respect the dignity, self-worth, and value in God's eyes of other persons.

3. Each person will respect the physical property and possessions of other persons and institutions.
 4. Each person has a duty to report violations of the conduct code.
-
1. Students who are participating in the field trip must ride the stated transportation to and from the field trip with their class. Students not riding on the bus/approved transportation may not participate in the field trip with the class and will be counted absent for the day. Chaperones must stay with the class and may not take the group of children to another site without those provisions spelled out in the signed permission form.
 2. For safety reasons, chaperones may not bring a sibling or other children on the field trip.
 3. No smoking and no alcohol is allowed on any school field trip.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent or guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

On field trips there shall be an adequate number of adult chaperones (age 21 or older) for students, and all chaperones must abide by the Policy on Working with Minors for the Diocese of Springfield in Illinois. An acceptable ratio of chaperones is 1 adult (age 21 or older) for every 8 students, but the number of chaperones depends on the age of the children and the nature of the event.

Grading, Promotion, and Retention [required]

School report cards are issued to students on a Quarterly basis. For questions regarding grades, please contact the classroom teacher.

A+	=	98 - 100	C	=	79 - 81
A	=	95 - 97	C-	=	76 - 78
A-	=	93 - 94	D+	=	73 - 75
B+	=	90 - 92	D	=	71 - 72
B	=	87 - 89	D-	=	70
B-	=	85 - 86	F	=	below 70
C+	=	82 - 84			

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests, and other assessments. A student will not be promoted based upon age or any other social reason not related to academic performance.

Grade retention: The teacher will meet with the parent(s) at least three times including the parent-teacher conference in November. The teacher will recommend to the parent(s) his/her decision by the end of February that there is a possibility of retention. Conferences will be documented. There will be no social promotions. A student with two failing grades in the core curriculum will be retained.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability, and grade level. Students who are absent from school for a valid cause (an excused absence) may make up missed homework in a reasonable timeframe (please see Absences policy)

The rule of thumb for homework assignments during the week is to multiply the child's grade times 10 minutes. This does not include long-term assignments or tests. If parents are concerned about the load of homework, they should first discuss their concerns with the classroom teacher.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents or guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the school receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent or guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parents or guardian or student of the time and place where the records may be inspected. In certain circumstances, the school may request an additional 5 business days in which to grant access. The school charges **[\$.35]** per page for copying, but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

1. The right to request the amendment of the student's education records that the parent or guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent or guardian or eligible student may ask the school to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent or guardian or eligible student wants changed and the specific reason a change is being sought.

If the school decides not to amend the record, the school will notify the parent or guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or guardian or eligible student when notified of the right to a hearing.

2.The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); or a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent or guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district.

Upon request, the school discloses education records without consent to officials of another school in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or Federal law. Before information is released to these individuals, the parents or guardians or eligible student will receive prior written notice of the nature and substance of the information, and have an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student’s records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent or guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

3.The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred

to the parent or guardian or to the student if the student has succeeded to the rights of the parent or guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

4.The right to prohibit the release of directory information.

Throughout the school year, the school may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
- Parent or guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sports or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent or guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

5.The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

6.The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Avenue, SW
Washington DC 20202-8520

Flagging Records of Missing Children

The school checks the missing person report in the Nonpublic Registration and Recognition Renewal report prior to releasing student records. Upon notification from a law enforcement agency that a present or past student is missing, his or her records will be flagged with a written notice of the information. That flag will remain until the law enforcement agency has contacted the school that the missing child has been recovered. If a request for the student's records is made before the flag has been removed, the school will immediately notify the law enforcement agency and will hold the records until their release has been approved by the law enforcement authority. For written requests, the school will provide the law enforcement agency with a copy of the request. If the request is made in person, the school will ask for identification from the person making the request, including contact

information and a copy of a driver's license, as well as the birth date of the child and their relationship. He or she will then be informed that a copy of the records will be mailed. The school will provide the law enforcement agency with the obtained information as well as a description of any individual making the request in person.

Non-Custodial Parents

The school respects the right of non-custodial parents to be involved in the education of their children. In the absence of a court order and with due provision to State law, what is said in these policies applies to any parent or legal guardian, whether or not the student lives with the parent. If there is a court order specifying that there is to be no information given, it is the responsibility of the custodial parent to provide the school with an official copy of the court order.

Transfer of Records

Certified copies of transfer students' records are requested within 14 days of enrollment. When a student transfers to another school or graduates, a duplicate copy of the student's cumulative permanent file will be sent within ten days to the receiving school upon request.

Standardized Testing

Students and parents or guardians should be aware that the school requires students to take certain standardized tests, including the following: MAP assessment (2-8) and ACRE (5th & 8th)

Parents or guardians are encouraged to cooperate in preparing students for the standardized testing because the quality of the education the school can provide is partially demonstrated through the school's ability to prove its success through standardized tests. Parents or guardians can assist their students to achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep during the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind students and emphasize the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

Students with Disabilities

- St. Elizabeth School offers resources, when available, for students who need re-teaching, reinforcement or have an active service plan. Individual Educational Plans may be written listing educational goals and actions which could lead to achievement of goals. Individual plans are discussed with students and parents. They are kept in a separate file from permanent records.
- Parents may seek eligibility for Special Education services through Granite City School District #9. GCSD provides speech and language, Title I reading services and special education services to students who qualify. District employees may provide services at St. Elizabeth

School or parents/guardians may be required to transport students to their public home school for services. Students receiving special services off campus are excused.

- Counseling services are available through Madison County Catholic Charities, and independent, licensed therapists. Services are available to groups of students or individual students based on need. The principal/pastor will be notified of a need or potential need for counseling services. They in turn will seek the assistance of available services and/or guidance from the Diocese of Springfield.

For safety reasons, these areas are for bicycle riders and walkers. You must drop students off at the main entrance to the school.
2. For safety reasons, parents should **never** park and walk students across the traffic flow. Parents wishing to walk students to the front door or enter the school building for business should park in the area directly in front of the Parish Life Center and use the sidewalk.
3. After school, you are required to park in the school parking lot. For the students' safety, never park in the main driveway or hill in front of church or behind the school. **Pull into parking spaces so that you do not need to back up in order to exit the lot. Vehicles may NOT pull in front of the building during dismissal.**
4. The Pre-School parking lot is **OFF-LIMITS** to parents dropping off/ picking up students from St. Elizabeth Grade School unless you are taking a sibling to the Preschool/Day Care or signing up your child for After School Care.

Asbestos Abatement Plan

St. Elizabeth has an Asbestos Management Plan, which is on file in the school office and is available during normal business hours in accordance with federal regulations. Asbestos is present in the school but contained, according to regulations.

Building and Grounds Access Policy

Purpose of the Policy

The church, school building, and rectory along with associated grounds are an integral portion of the many facets of the parish community. The purpose of this Building and Grounds Access Policy is to establish appropriate measures and guidelines to maintain the security and safety of the children attending St. Elizabeth while respecting the use of the church by parishioners and visitors. The multi-use nature of parish facilities and grounds necessitates a continuing effort by the parish, school administration, faculty members, parents, and parishioners to provide appropriate access for the various facilities while protecting the school children during the school year. All use of facilities will follow the diocesan policy book 5§800 *Diocesan, Parish, School, and Agency Facilities Use*.

Access to and Security of the School Building

On all school days provided by the academic calendar, the St. Elizabeth shall be available for authorized access by parents and authorized visitors from **8:00AM** until thirty (30) minutes past the scheduled dismissal time. All parents and visitors to the school building must report to the school office for access during this period. Entry to the school building shall be through the front door of the school off the parking lot.

Access to and Security of the School Grounds

On all school days provided by the academic calendar, St. Elizabeth grounds, including the school gymnasium, shall be available for authorized access by students, parents, faculty members, and authorized visitors from **7:30AM** until thirty (30) minutes past the scheduled dismissal time. Except for children enrolled in a before-school or after-school supplemental program, participants in school-sponsored extracurricular activities, or students engaged in other authorized school activities, no child shall be left unsupervised by a parent. Assigned faculty members shall be available from **7:40AM** until the commencement of class and from the scheduled dismissal time until the completion of the dismissal process to supervise children present in the playground area at the rear of the school. Those faculty members assigned shall station themselves so that all areas of the playground and the area between the Church and school building are observable by at least one faculty member.

Access to School Classrooms during Instructional Periods

No parents or visitors shall be permitted in classrooms during instructional periods except as provided in this paragraph. Parents wishing to observe classroom instruction shall arrange a mutually convenient time and date with the classroom teacher. After such arrangements, the parents shall advise the school office of the arrangements for observation. The principal may make such additional rules and policies regarding parental observation as he or she deems necessary to maintain the normal educational process.

Parents and authorized caregivers may be allowed access to classrooms for the purpose of picking up an ill child or one leaving school at other than the normal dismissal time. In all such cases, the adults picking up the child will report first to the school office upon arriving to campus.

Parishioners on School Grounds during School Hours

Parishioners who are not parents of currently enrolled school children are requested to avoid the school building and playground area during, before, and after school, during lunch hours, and during recess periods. Entrances to the rectory and church are available during these periods for access to those facilities. Parking for the Church is available in the church parking lot.

Removal of Unauthorized Persons from School Grounds and Building

Faculty and staff members of the school are authorized to request any person who is not a parent or authorized visitor to the school facilities leave the premises. In the event that any person fails to comply with such a request, the faculty or staff member shall inform the principal who shall determine what additional action is necessary or appropriate to obtain compliance with the request. Any person who fails to comply with a request of the principal or the pastor to leave the school premises shall be considered a trespasser and may be subject to arrest.

Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local television stations or follow social media, to be advised of school closings or early dismissals. If bad weather or other emergencies occur during the day, please listen to local media stations for possible early dismissal information. For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal. School closing will be communicated through TV stations and the Renweb system. Since the public schools frequently cancel school because severe cold affects their bus riders and walkers, we will NOT always follow Granite City Public Schools. If our roads are safe and the parking lot at St. Elizabeth is clear we will try to have school. If you feel that it is not safe to transport your child, which is perfectly acceptable, please call the school just like you would for your child's illness.

If the school dismisses early for an emergency, all after-school functions are automatically cancelled.

Invitations

Invitations for slumber parties or birthday parties should be sent to the homes of students via the U.S. Mail unless an invitation is being given to every student in the entire grade. Valentines distributed at classroom parties should include a Valentine for each student in the class.

Students should not exchange individual gifts at school. This gesture only creates hurt feelings among other students. Birthday treats must be pre-arranged with and approved by the classroom

teacher. The office is unable to release addresses and phone numbers of students who are not listed in the school directory.

Treats and Snacks

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. Pizza parties during the school day are prohibited.

Unauthorized Items

Common sense and consideration are the best guides in determining whether to bring personal possessions to school. In general, students are not to bring toys or unusual items to school unless they are intended for specific use in the classroom and the teacher's permission has been obtained. Hand-held video games, portable stereos, laser pointers, pagers, etc. are not permitted at school (please see Building Conduct and Student Use of Cell Phones and Other Electronic Devices).

DISCIPLINE & CONDUCT

Parents, students, faculty, and staff make up the school community and are always representatives of St. Elizabeth Catholic Grade School. The school takes very seriously its responsibility to ensure a safe, Christian environment for all parents, students, staff, faculty, and campus guests. As such, parents, students, faculty, and staff are called to always exemplify The Golden Rule and to actively advance the mission and philosophy of the school by displaying behaviors that foster pride, courtesy, and respect for the dignity of all as we strive to educate students in a Catholic environment. This Christian behavior and respect shall characterize all verbal and non-verbal communications at all levels within the school community.

Enrollment at St. Elizabeth Catholic Grade School is not a right, but a privilege that is extended to families who have pledged to be and who are working as cooperative partners with the school, especially in the key areas of academics and discipline. Parental failure to consistently cooperate with and treat school personnel with courtesy and respect may result in the reconsideration of a student's enrollment status. We acknowledge that we are not the school for all families; we reserve and exercise the right to ask families to leave, if circumstances warrant, according to our understanding of these policies and expectations as outlined in this Handbook.

Building Conduct

The following actions and attitudes should characterize everyone studying at St. Elizabeth Catholic School, and failure to abide by the expectations may result in discipline:

- *Students arrive at school in the appropriate full and clean uniform. A student's personal presentation should reflect respect for others as well as respect for himself or herself.*
- ***Students should be at their desks with all books and materials ready before the bell rings.** Students are not permitted to leave the room during class without permission.*
- *When the student has a question to bring to the class, he or she should raise his or her hand and wait until the teacher gives permission to speak.*
- *Students should keep classrooms and personal belongings orderly and clean. At the end of each class, the student is responsible for keeping the area around his or her desk tidy.*

- *Students are expected to act appropriately during class changes, both in the school buildings and across campus. Student conduct in the corridors will be appropriate and quiet. Students must walk – not run – to and from class.*
- *All students are expected to greet priests, school staff, parents, visitors, and fellow students politely and courteously.*
- *At lunch or at recreational periods, each student is expected to act in a controlled and respectful manner while using the areas designated by school staff. Students are expected to keep the grounds neat and litter free.*
- *Each student should respect others and their property as the student would want to be respected.*
- *Personal belongings should be kept in good form. Uniform items, books, binders, folders, jackets, and backpacks must be free of any inappropriate writing or decoration.*
- *Standard cafeteria norms are to be always practiced according to the directives given by school staff. Good table manners, proper dining etiquette, orderly and quiet cafeteria lines, cleaning up after oneself, and leaving the dining room clean make for a pleasant dining experience for all.*
- *When participating in school activities like playing on a team, participating in an academic competition, or performing in a choral activity, students should be considerate of others and always participate to the best of their ability. Every student is to practice good sportsmanship, encourage others, and refrain from complaining, criticizing, or being disrespectful in any way.*
- *Food and beverages are to be consumed only in the cafeteria unless directed otherwise by the teacher. The only exception permitted by this policy is that students may, to ensure adequate hydration during the day, bring a water bottle to school, if it is shatter-proof (i.e., not glass) and has a threaded, non-spill cap. Nothing other than water is to be brought in the container. Chewing gum is not permitted during the academic day.*

Prohibited Student Conduct

Enrollment at St. Elizabeth is a pledge that all students and parents will partner with the faculty and administration to forge a culture that results in all members being consistently treated with dignity and respect as made in the image and likeness of God. For that reason, obscenities, harassment, bullying, intimidation, and other behaviors that are not consistent with living as a disciple of Jesus Christ, will be called out for correction. Parents are expected to support school personnel in addressing these issues and any behavior not consistent with extending the love of Christ to all members of our community.

Students may be disciplined for gross disobedience or misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, selling, or offering tobacco or nicotine materials, including electronic cigarettes, e-cigarettes, vapes, vape pens or other vaping related products.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
 - a. Any illegal drug, controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*).

- b. Any anabolic steroid unless it is administered in accordance with a physician's or licensed practitioner's prescription.
- c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
- d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under *Ashley's Law*.
- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.
- g. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.
- h. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in a tablet or powdered form.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.

- 4. Using, possessing, controlling, or transferring a "weapon" or violating the procedures listed below under the Firearms and Other Weapons Prohibition section of this Handbook.
- 5. Using or possessing an electronic paging device.
- 6. Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones, and other electronic devices must be kept powered-off and out-of-sight during the regular school

day unless: (a) the supervising teacher grants permission or (b) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member's request to stop, present school identification or submit to a search.
9. Engaging in academic dishonesty, including cheating, plagiarizing, giving or receiving unauthorized help during an academic examination, altering report cards and wrongfully obtaining test copies or scores.
10. Engaging in bullying, hazing or any kind of aggressive behavior that does physical or psychological harm to a staff person or another student or encouraging other students to engage in such behavior. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, yelling, screaming, profanity, coercion, threats, intimidation, stalking, harassment, sexual harassment, public humiliation, defamation, slander, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.
11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning) and sexual assault.
12. Engaging in teen dating violence.
13. Causing or attempting to cause damage to, stealing, or attempting to steal, school property or another person's personal property (including any act of vandalism).
14. Entering school property or a school facility without proper authorization.
15. In the absence of a reasonable belief that an emergency exists, calling emergency responders (calling 9-1-1); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus or at any school activity.
16. Being absent without a recognized excuse.
17. Being involved in a gang or engaging in gang-like activities, including displaying gang symbols or paraphernalia.
18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
20. Making an explicit threat on a website against a school employee, a student, or any school-related personnel if the website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the information could be reasonably interpreted as threatening the safety and security of the individual named because of his or her duties or employment status or status as a student inside the school.
21. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or at a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent or guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event;
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property; or
5. During periods of remote learning.

Disciplinary Measures

St. Elizabeth Catholic Grade School seeks the integral formation of the whole student. This formation program involves motivating the will to pursue the good and requires, at times, the proper correction of that will when it goes astray. St. Elizabeth Catholic Grade School has established disciplinary norms and a code of conduct that aim to help students form themselves as well as assist the school in creating a safe, orderly, and positive atmosphere. As part of this process of formation, students are taught that poor choices result in consequences and that they must accept responsibility for their own behavior. Depending on the seriousness of the infraction, a range of disciplinary measures may be applied. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents or guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal of the student from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. Before or after-school study or detention, provided the student’s parent or guardian has been notified.
8. Community service.

9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges (if applicable).
11. Suspension from school and all school activities. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities. An expelled student is prohibited from being on school grounds.
13. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the school and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and properly address the disruption is a suspension or expulsion.

Suspension

A student in the Catholic school shall not be suspended by the principal until there has been a conference with the parent(s) or legal guardian. The period of suspension may not exceed five (5) school days. The date of the suspension and a summation of the parent conference shall be kept on file.

In-School suspension may be given as a consequence for repeated incidents of insubordination, defiance of authority, or violation of other policies as stated in this handbook. The principal will contact parents prior to the beginning of the in-school suspension. Goals and objectives for the in-school suspension will be set and an improvement plan will be stated. The plan will be signed by the principal, parents and students. Students who are given an in-school suspension will be required to report to school each day and work under the direction of the administration. Completion of work and grades will be recorded. The date of the suspension and a summation of the parent conference shall be kept on file.

Out-of-School Suspension as a consequence for serious acts of misconduct and/or violation of policy. The principal will contact the parents and suspension dates will be set. Goals for suspension and an improvement plan will be recorded and signed by the principal, parents and students. Students who receive an out-of-school suspension will not be allowed on campus during the time of their suspension. Students must complete all class work and tests from the days of suspension but failing grades will be recorded for this work. The date of the suspension and a summation of the parent conference shall be kept on file.

Expulsion

The expulsion of a student from a catechetical program is so serious that it should be invoked rarely and then only as a last resort. The catechetical administrator shall use reasonable means to discover the cause of the problem and should exhaust all appropriate remedies such as conference with parents or referral to a guidance clinic, physician, or the pastor, parochial administrator, or priest moderator. Situations meriting expulsion are published in the Handbook above (please see Conduct

section). Serious violations which may result in expulsion include, but are not limited to, the following:

1. *A student engages in delinquency or immorality, which would merit criminal punishment or constitute a menace or danger to other persons.*
2. *A student engages in such chronic or incorrigible behavior, as defined in the Conduct and Discipline policy, which undermines classroom discipline and impedes the progress of the entire class.*

When all other means have failed and expulsion is being considered, the following procedures are to be observed:

1. *The student is to be suspended for a period not to exceed one week.*
2. *The parents of the student are to be granted a conference with the pastor and principal in the hope that a solution to the problem will be found which will forestall the necessity of expulsion.*
3. *The pastor, in consultation with the principal, is to make the final decision and to communicate this decision to the parents. If expulsion is necessary, he will also help them make arrangements for the further education of their child.*
4. *If the pastor decides to expel the student from school, charity would suggest that some help be given to the family in finding another Catholic school, if possible, that would accept the student on a probationary basis.*
5. *If expulsion is necessary, the date of withdrawal and the word "misconduct" are sufficient for the permanent records. (At the discretion of the school, if the reason for expulsion is for possession of a weapon as defined in the Gun Free Schools Act, related to the possession or distribution of a controlled substance, or battery of a staff member or a fellow student, said reason(s) can be specifically indicated on a transfer record).*

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion, or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Bullying, Intimidation, and Harassment

Because St. Elizabeth Catholic Grade School is committed to maintaining a culture characterized by charity, civility, and respect for the human person, all forms of bullying—including cyberbullying—will be addressed swiftly. Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals. Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, physical appearance, socioeconomic status, academic status, order of protection status, status of being homeless, actual or potential marital or parental status, pregnancy, parenting status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.

2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyberbullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage, blog, or vlog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates or is intended to create any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates or is intended to create any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents or guardians, who has information about actual or threatened bullying is encouraged to report it to the school office or any staff member. Anonymous reports are also accepted by phone call or in writing.

Reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions. A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Consistent with federal and State laws and rules governing student privacy rights, the school shall make diligent efforts to notify a parent or guardian, utilizing all contact information the school has available or that can be reasonably obtained by the school, within 24-hours after the school's administration is made aware of a student's involvement in an alleged bullying incident. The term "bullying incident" includes individual instances of bullying, as well as all threats, suggestions, or instances of self-harm determined to be a result of bullying. Notification to a parent or guardian shall include, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

Conflict Resolution

The faculty, administration, and school counselor teach and support peaceful and non-violent conflict resolution. Students are not to utilize violent, threatening, or bullying behaviors to resolve conflicts. If a conflict arises, the faculty and administration will handle the situation as appropriate, utilizing the necessary conflict resolution skills. The school counselor may also assist with situations as appropriate. Parent or guardian contact will be made as necessary.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment means a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim to halt the offense, prevent its recurrence, or set an example for others.

Both types of incidents will also be reported to the Illinois State Police through the School Incident Reporting System (SIRS).

Grievance Procedure

Complaints from students, parents, and other legitimate sources about the operation of the school will be treated courteously (anonymous complaints will not be addressed). In order to help a parent or student resolve a grievance with a teacher, administrator, or the school in general, and to do so in an effective, efficient manner with mutual consultation, it has been established that the following order of people are those to whom the grievance should be brought: 1. The teacher involved; 2. The school principal; 3. The pastor. In fairness to both parties, the principal and/or pastor will meet with all parties involved, document the grievance or complaint, document the answer to the grievance or complaint, document the agreement reached or not reached, and read the report to both parties. If the grievance is not satisfactorily resolved at one level, either party may appeal to the next level, as listed above. The pastor's decision will be binding and final on all concerned.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect, and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The building principal may request the

assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Student Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent or guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning Students Suspected of Committing Criminal Activity

When students become involved with law enforcement officers, the officer shall be requested to confer with the student when he or she is not under the jurisdiction of the parish or school if this can be arranged. Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) notify or attempt to notify the student's parent or guardian and document the time and manner in writing; (b) make reasonable efforts to ensure the student's parent or guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) if practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Further, school-sponsored athletic programs shall be guided by the general curriculum goals of the school and should in no way detract from the academic and religious goals of the school.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements, have appropriate equipment including properly fitting protective gear, and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

Eligibility for most athletics is also governed by the rules of the Illinois High School Association or Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA or IESA and this Code, the most stringent rule will be enforced.

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches. To be eligible to participate in extracurricular and athletic activities, a student must have not more than 1 F or 2 D's in academic subjects. Any student failing to meet academic requirements will be suspended from sport or activity for the week or until all academic

requirements are met, whichever is longer. The principal will pull grade reports at the start of each week. If a student is ineligible for four consecutive weeks then they will be removed from the roster.

Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor, or coach for justifiable reasons, including: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participating in all extracurricular and athletic activities for the duration of the suspension. School Dances [optional]

Attendance at school-sponsored dances is a privilege. Only students who attend the school may attend school-sponsored dances.

All school rules, including the school's discipline code and dress code are in effect during school-sponsored dances. Students who violate the school's discipline code will be required to leave the dance immediately and the student's parent or guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

Student Athlete Concussions and Head Injuries

Student athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies, and bylaws of the Illinois High School Association or Illinois Elementary School Association before being allowed to participate in any athletic activity, including practice or competition.

Students are removed immediately from practice or competition if any statute-specified person believes the student has sustained a concussion. A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, signing the post-concussion consent form and the school's return-to-play and return-to-learn protocols. If the school has high school athletes, it reports instances of concussions to the appropriate organization that governs the school's interscholastic athletic participation.

The school has a principal-appointed or approved concussion oversight team composed of at least one person who is not a coach, and administration or their designee must supervise the individual appointed to implement the return-to-play return-to-learn protocol.

FINANCIAL MATTERS

Tuition and Fees

The Tuition Policy is written by the pastor on an annual basis. It is presented to the Finance Council and the School Board before it is implemented. A tuition contract agreement is reached between the school family and the parish at registration. A copy of the current tuition policy is distributed to each school family.

Families may choose to pay annual tuition in advance or enroll in the FACTS Tuition Management Program. Non-payment of tuition may result in the student being dropped from school and not allowed to return until payment in full has been received. Participation in the Time and Talent Program and SCRIP Program are expected from all families. Those who are not participating will pay a fee for non-participation. All families may elect to participate on a BINGO team and work monthly. Families participating in BINGO and those who volunteer during the picnic are offered the lowest tuition rate possible.

Families who wish to leave St. Elizabeth after registering can meet with the pastor and principal to discuss a refund in advanced paid tuition. School book fees are non-refundable.

St. Elizabeth Parish and parish organizations help support the financial community of our school.

In School Fees

Money sent to school with children should be sealed in an envelope with the child's name, grade, teacher, amount enclosed and purpose. This envelope is to be given to the homeroom teacher. Money should be in separate envelopes (i.e. lunch money, picture money, field trips, book orders, etc.) since different individuals do the accounting for the various activities.

School Fundraisers

St. Elizabeth School families participate in many fundraisers. Each student/family is asked to do his/her fair share. Monies are used to supply many extras for the school.

- BINGO – Each family selects a team (team #1 - #4.) Families are required to work 13 bingos and attend a mandatory, annual meeting. When there are five Wednesdays in one month a team is selected to work the 5th Wednesday on a rotating basis. BINGO is held at the local

Knights of Columbus Hall from 5:00 – 10:00 PM. Various shifts and job tasks are available. A BINGO “buyout option” is offered.

- Annual Dinner/Dance/ Auction – Major fundraising event sponsored by the PTO and designed to benefit major school improvement goals. Proceeds benefit all students. Students have received new desks, playground equipment, textbooks, and technology materials through the generosity of the PTO. All school families are required to donate a minimum of two hours of time and talent to the annual fundraiser.
- Trivia Night – Designed to benefit all students. Profits may be used for a major purchase or deposited in the general school funds.

For example, a class may fund raise for an overnight field trip, The athletic committee may offer a fundraiser for equipment or uniform purchases. Individual group fundraising must be approved in advance.

(Include payment options, payment of fees, refund policies, policies for past due accounts or insufficient funds, financial assistance. These can be separate headings in this overall section.)

HEALTH & SAFETY

Anaphylaxis Prevention

While it is not possible for the school to completely eliminate the risks of an anaphylactic emergency, the school maintains comprehensive policies and procedures on anaphylaxis prevention, response, and management in order to reduce these risks and to provide accommodations and proper treatment for anaphylactic reactions. Parent(s) and guardian(s) and students who desire more information or who want a copy of the school’s policy may contact the Building Principal.

Parents of students with known life-threatening allergies and/or anaphylaxis should provide the school with written instructions from the student’s health care provider for handling anaphylaxis and all necessary medications for implementing the student-specific order on an annual basis. This may be provided as an Individual Health Care Plan, an Emergency Action Plan, or as part of a student’s Accommodation Plan. Students who have a known allergy may carry an auto-injector prescribed for them with appropriate notification to the school. In accordance with 105 ILCS 5/2-3.182, St. Elizabeth Catholic Grade School will follow individual emergency plans, ensure staff members receive appropriate training, and provide annual notice to parents or guardians of all students to make them aware of this policy.

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school if they suspect or have knowledge that their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian. The principal shall follow local procedures for notifying the Department of Public Health when this occurs.

3. The school will provide written instructions to the parents and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Counseling and Guidance

Students' needs for support services such as counseling and social work are evaluated when any school staff believes consideration is warranted, such as when there are changes in the student body or stress within the surrounding community. Parents will be contacted when staff notices unusual stressors or behaviors by the child.

Counseling services are available through Madison County Catholic Charities, Chestnut Health Services, Barnes Jewish Hospital Wings on Wheels Program and independent, licensed therapists. Services are available to groups of students or individual students based on need. The principal/pastor will be notified of a need or potential need for counseling services. They in turn will seek the assistance of available services and/or guidance from the Diocese of Springfield.

Diabetes Care for Students

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents or guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.

Head Lice and Nits

The school will observe the following procedures regarding head lice:

1. Parents are required to notify the school office or nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school only when the parent or guardian brings the student to school to be checked by the school office staff or building principal and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

Immunization and Health, Eye, and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade.
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent or guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, empowers the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof empowers the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

- Medical grounds if the student's parent or guardian presents to the building principal a signed statement explaining the objection;
- Religious grounds if the student's parent or guardian presents to the building principal a completed Certificate of Religious Exemption;
- Health examination or immunization requirements on medical grounds if a physician provides written verification;
- Eye examination requirement if the student's parent or guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
- Dental examination requirement if the student's parent or guardian shows an undue burden or a lack of access to a dentist.

Insurance

It is required that schools offer a student accident insurance plan. The school shall make certain that parent(s) or legal guardian(s) of every student in the school declare(s) in writing that they either do or do not want their child or children to be covered by the student accident insurance. If a student does not take the student accident insurance, the school must require a signed waiver releasing the school and staff of any liability. These signed waivers must be kept on file for all who do not participate in the student accident insurance plan. If a parent does not take the student accident insurance, the parent must show proof of other health insurance coverage. Students without proof of insurance coverage shall not be allowed to attend school.

Medication for Students

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent or guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent or guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent or guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent or guardian has completed and signed a School Medication Authorization Form. **Students with asthma should provide the school with a copy of an Asthma Action Plan that has been completed by their physician.**

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment, and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent or guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from administration of medication or a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent or guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. A parent or guardian or other designated caregiver is allowed to administer the product subject to the restrictions outlined in 105 ILCS 5/22-33. A school administrator may administer the product, and a student who is a registered qualifying patient may self-administer the product under the supervision of a school administrator, subject to the restrictions outlined in 105 ILCS 5/22-33. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The school may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Non-Prescription Medication

1. Non-prescription medications, including aspirin, antacid, antihistamine, and other medications should have a label with orders from your physician.
2. Children are required to turn in all medications to the office with signed parental permission which also specifies dosage, strength and time.
3. If injury occurs, we will use soap and water, ice pack or Band-Aid and inform the parent if the child needs further treatment or needs to be sent home.
4. If the child needs medication, the parent will be called and must assume the responsibility to bring the child medication or take the child home.

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Pregnancy

Title IX

Protects students from discrimination based on pregnancy or parental status in educational programs and activities. This includes the right to reasonable accommodation, excused absences, and make-up work

Safety Drill Procedures and Conduct

Safety drills will occur at times established by the school administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill to address an active threat or an active school shooting incident, and a minimum of one (1) bus evacuation drill (if applicable) each school year. There may be other drills at the direction of the administration. The law enforcement lockdown drill will be announced in advance and a student's parent, or guardian may elect to exclude their child from participating in this drill. All other drills will not be preceded by a warning to students.

Toxic Art Supplies and Required Eye Protection

Toxic art supplies are not used in grades K-6. Art supplies containing toxic substances are not used in grades 7 through 12 unless the materials are properly labeled according to statute. Students, teachers, and visitors are required to wear industrial quality eye care protective devices when participating in or observing chemical or combined chemical-physical laboratories involving caustic or explosive chemicals or hot liquids or solids, or vocational or industrial arts shops or laboratories involving hot molten metals; milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid metals; heat treatment, tempering, or kiln firing of any metal or other materials; gas or electric arc welding; repair or service of any vehicle; caustic or explosive materials.

*All students, teachers, and staff are bound to the Diocesan Information Technology, Electronic Communications, and Social Media Policies in addition to school policies

Acceptable Use of the School's Electronic Networks

All use of the school's *electronic networks* shall be consistent with the school's mission and the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or prohibited behavior by users. However, some specific examples are provided. **The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.**

Terms and Conditions

The term *electronic networks* includes all the school's technology resources, including, but not limited to:

1. The school's local-area and wide-area networks, including wireless networks (Wi-Fi), school-provided Wi-Fi hotspots, and any school servers or other networking infrastructure.
2. Access to the internet or other online resources via the school's networking infrastructure or to any school-issued online account from any computer or device, regardless of location;
3. School-owned and school-issued computers, laptops, tablets, phones, or similar devices.

Acceptable Use - Access to the school's electronic networks must be: (a) for the purpose of education or research, and be consistent with the school's educational objectives, or (b) for legitimate business use.

Privileges - Use of the school's electronic networks is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges, disciplinary action, and/or appropriate legal action. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the electronic networks. Some examples of unacceptable uses are:

- a. Using the electronic networks for any illegal activity, including violation of copyright or other intellectual property rights or contracts, or transmitting any material in violation of any State or federal law;
- b. Using the electronic networks to engage in conduct prohibited by school or diocesan policy;
- c. Unauthorized downloading of software or other files, regardless of whether it is copyrighted or scanned for malware;
- d. Unauthorized use of personal removable media devices (such as flash or thumb drives);
- e. Downloading of copyrighted material for other than personal use;
- f. Using the electronic networks for private financial or commercial gain;
- g. Wastefully using resources, such as file space;
- h. Hacking or attempting to hack or gain unauthorized access to files, accounts, resources, or entities by any means;
- i. Invading the privacy of individuals, including the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature, such as a photograph or video;
- j. Using another user's account or password;
- k. Disclosing any network or account password (including your own) to any other person, unless requested by the system administrator;
- l. Posting or sending material authored or created by another without his or her consent;
- m. Posting or sending anonymous messages;
- n. Creating or forwarding chain letters, spam, or other unsolicited messages;
- o. Using the electronic networks for commercial or private advertising;
- p. Accessing, sending, posting, publishing, or displaying any abusive, obscene, profane, sexual, threatening, harassing, illegal, or knowingly false material;
- q. Misrepresenting the user's identity or the identity of others; and
- r. Using the electronic networks while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear or use vulgarities or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that the school's electronic networks are not private. People who operate school technology have access to all email and other data. Messages or other evidence relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the networks in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via electronic networks to be private property.

No Warranties - The school makes no warranties of any kind, whether expressed or implied, for the service it is providing. The school will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the internet is at the user's own risk. The school specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - By using the school's electronic networks, the user agrees to indemnify the school for any losses, costs, or damages, including reasonable attorney fees, incurred by the school relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify or suspects a security problem on the network, the user must promptly notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep user account(s) and password(s) confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the networks.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the internet, or any other network. This includes, but is not limited to, the uploading or creation of malware, such as viruses and spyware.

Telephone Charges - The school assumes no responsibility for any unauthorized charges or fees, including telephone charges, texting or data use charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law and school policy prohibit the re-publishing of text or graphics found on the internet or on school websites or file servers or cloud storage without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and

noting how and when permission was granted. If possible, the notice should also include the web address of the original source.

- b. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of *public domain* documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide permission. The manager of the website displaying the material may not be considered a source of permission.
- d. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent or guardian and student.

Use of Email - The school's email system, and its constituent software, hardware, and data files, are owned and controlled by the school. The school provides email to aid students in fulfilling their duties and responsibilities, and as an education tool.

- a. The school reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the school's internet gateway carry with them an identification of the user's internet *domain*. This domain is a registered name and identifies the author as being with the school. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the internet, such as spam or potential phishing emails, should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the school's email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those *acceptable uses* as detailed in these procedures. Internet safety is supported if users will not engage in *unacceptable uses*, as detailed in these procedures, and otherwise follow these procedures. Staff members will supervise students while students are using school internet access to ensure that the students abide by the *Terms and Conditions* for internet access contained in these procedures.

Each school computer with internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the principal or designee.

The system administrator and Building Principal shall monitor student internet access. *Please keep in mind that it is impossible for school staff to maintain ubiquity in monitoring a student's use of electronics,*

including the content a student may access. As digital citizens, students are responsible for their own actions at all times. The school responds to incidents as we become aware of them; however, we cannot offer perfect and complete supervision in this area, despite our consistent and conscientious vigilance. Parents should speak with their son or daughter about appropriate conduct regarding the use of electronics and instruct him or her to inform a staff member if another student is using electronics inappropriately or sharing material that is impure, inappropriate, or makes the student or others uncomfortable. Parents are solely responsible for monitoring their student's activity on social media platforms and should therefore maintain constant vigilance in reviewing what their child is posting online to avoid violation of school policies and/or state and federal laws, along with the possible disciplinary and legal consequences.

Access to Student Social Networking Passwords and Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. The school may not request or require a student to provide a password or other related account information in order to gain access to the student's account or profile on a social networking website. However, in the course of an investigation, the student may be required to share the content that is reported to allow school officials to make a factual determination in the investigation.

Student Photographs and Names

Student photographs and names will be used by the school in the paper, on the internet, or where appropriate unless a written objection is received from the parent or legal guardian. A separate permission slip is signed annually by the parent or legal guardian listing the acceptable use of photos and names.

Student Use of Cell Phones and Other Electronic Devices

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smart phone, audio or video recording device, personal digital assistant (PDA), iPod®, iPad®, laptop computer, tablet computer or other similar electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the express permission of the building principal.

During instructional time, which includes class periods and passing periods, electronic devices must be kept powered-off and out-of-sight unless: (a) permission is granted by an administrator, teacher or school staff member; (b) use of the device is provided in a student's accommodation plan; or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules, or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting).

The school is not responsible for the loss, theft or damage to any electronic device brought to school.

Students in violation of this policy are subject to the following consequences:

1. First Offense – The device will be confiscated by school personnel. A verbal warning will be assigned. The student will receive the device back at the end of the day in the school office.
2. Second Offense – The device will be confiscated. A detention will be assigned. The student's parent or guardian will be notified and required to pick up the device in the school office.
3. Third Offense – The device will be confiscated. A detention will be assigned. The student's parent or guardian will be notified and required to pick up the device in the school office. Additionally, the student will be prohibited from bringing the device to school for the next 10 school days. If the student is found in possession of the device during this 10-day period, the student will be prohibited from bringing the device to school for the remainder of the school year. The student will also face consequences for insubordination.
4. Fourth and Subsequent Offense – The device will be confiscated. The student will be assigned a detention and will be prohibited from bringing the device to school for the remainder of the school year. The student's parent or guardian will be notified and required to pick up the device in the school office. The student will also face consequences for insubordination.

Technology Vendors: Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act

Schools throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies and increasing efficiency in school operations. Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as *operators*. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as schools and the Illinois State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our school may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent or guardian name and student or parent or guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information

- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic or extracurricular activities
- Special indicators (e.g., disability information, English language learner, free or reduced meals, or homeless or foster care status)
- Conduct and behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents or guardians
- Other activities that are for the use and benefit of the school

Unauthorized Use of Artificial Intelligence

“Artificial intelligence” or “AI” is intelligence demonstrated by computers, as opposed to human intelligence. “Intelligence” encompasses the ability to learn, reason, generalize, and infer meaning. Examples of AI technology include ChatGPT and other chatbots and large language models.

AI is not a substitute for schoolwork that requires original thought. Students may not claim AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without permission of a teacher or administrator is strictly prohibited. The use of AI for these purposes constitutes cheating or plagiarism. In certain situations, AI may be used as a learning tool or a study aid. Students who wish to use AI for legitimate educational purposes must have permission from a teacher or an administrator to do so. Students may not use AI, including AI image or voice generator technology, to violate school rules or policies. To ensure academic integrity, tests, assignments, projects, papers, and other schoolwork may be checked by AI content detectors and/or plagiarism recognition software.

PARENT COMMUNICATIONS & INFORMATION

Change of Address and Communication Records for the School

It is imperative that school records have the correct name, mailing and street address, and telephone numbers of parents. Please notify the school immediately of any such changes. The school must also

have on file court papers of divorce decrees, custody decrees, and restraining orders to use as guidelines for communications between the school and the home. The principal should be notified when parents are divorcing or separating. Office forms can then be changed with new addresses and phone numbers for both parents. This may also enable the faculty and staff to better meet the student's needs at this transitional time.

Communications

Open communication between home and school is essential for a child's school success. Classroom teachers communicate through classroom newsletters, electronic messaging through the school database, emails and phone calls to parents. Administration and faculty will also contact you with questions and concerns. Please feel free to call upon your child's teachers using Facts / Renweb system, emails, or phone calls whenever you have any question or concern. Whenever a problem concerning your child arises, the first person to be contacted is the classroom teacher. If you need to speak with a teacher, please call ahead for an appointment so that you will know when the teacher will be available. Teachers are preparing for their day in the morning and often have meetings and scheduled appointments after school, so they cannot always be available on a "walk in" basis. After meeting with the teacher, if the difficulty persists or cannot be handled at this level, it should be presented to the principal. If the problem is still not resolved, contact the pastor.

The administration will also keep parents informed of school news through a frequent newsletter that is sent home and in the Church bulletin during the school year. The newsletter and other flyers with pertinent information will be emailed to parents, or hard copies will be sent home with the oldest child in the family upon request.

At St. Elizabeth's, the norms for communications are based on decorum and the Golden Rule. This is the frame for the messages we send out to our school families. We therefore aim to be honest and direct but consistently respectful, professional, and constructive in our messages to parents and guardians. For this reason, we also insist that messages sent to faculty and staff are likewise courteous, kind, and helpful. These norms are not only in keeping with our Christian character, but also are the basis for all effective communications since most problems do not get better through an adversarial approach.

Parent Organizations

The School Parent Teacher Organization works to enhance the educational ministry of the school. The objectives of the organization are:

- Support the administration, faculty and school board of St. Elizabeth School in their efforts to provide a quality Catholic education to students.
- Remain faithful in all activities to the intent and spirit of the policies established by the Diocesan Board of Catholic Education.
- Provide a means for informing parents about the programs and activities of St. Elizabeth School

- Provide a vehicle for cooperation among parents, administration, faculty, the school board and parish members in matters that affect St. Elizabeth School and students.
- Host the Annual Fundraiser – Dinner/Dance/ Auction
- Create a community of interest and mutual support between parents and teachers at St. Elizabeth School

All parents are invited and urged to attend meetings which are held monthly in the school cafeteria at 6:30PM. The calendar dates for PTO meetings are published in the weekly newsletter and sent home at the beginning of the school year.

Parent Service Requirement

TIME AND TALENT POLICY

All parents are required to share their Time & Talent with the school. Cards will be available for parents to record their hours. Each year's requirement is included with tuition information. Required hours of service are listed for the parish picnic and the annual dinner dance auction. A fee for uncompleted service hours will be assessed. Extra hours may not be transferred to the following year or another family.

Additional Valid Activities – picnic, trivia night, class parties, selling scrip, auction, coaching, chaperone field trips, field day, fish fry, book fair, library, Ladies Sodality Organization chicken dinner and/or turkey dinner, Santa's Cottage, spelling bee, speech coach, youth group, funeral meals and other parish fund raisers.

Pesticide Application Notice

The school maintains a registry of parents and guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact the school office. Notification will be given before application of the pesticide. Prior notice is not required if there is an imminent threat to health or property.

Policy Making

The policies of the administration and educational mission of St. Elizabeth Catholic School are enacted and thereby formalized by the Pastor. The School Advisory Board is advised of the formation of such policies by the Principal, the Pastor, or other members of the Board. The execution and implementation of the policies are the responsibility of the school Principal. All school policies are available to parents of the students enrolled and to the school staff, as well as to other individuals upon request.

Responsibilities of School, Parents, and Students

St. Elizabeth Catholic School commits itself to a number of responsibilities in the service of our families and students. We require that families and students likewise meet their responsibilities so that the vital process of teaching and learning can be conducted in a safe, healthy, and salutary environment for all.

School Responsibilities

When enrolling your child in a Catholic school, the school accepts certain important responsibilities, including the following:

1. To have children receive an academically sound education in a Catholic environment

2. To communicate with parents and to have requests for meetings answered in a timely manner
3. To have students supervised in a safe and appropriate manner
4. To nurture the spiritual growth of students through Catholic traditions and rituals
5. To develop the social and emotional growth of students through various activities and opportunities.

Parent Responsibilities

When enrolling your child in a Catholic school, you agree to certain important responsibilities, including these:

1. To participate in the life of the school by being present for meetings, fundraising events, academic activities, athletic events, and special worship services whenever possible.
2. To be a partner with the school in the education of your child
3. To consistently treat all school personnel with respect and courtesy
4. To work with the school in the administration of student discipline
5. To understand and support the religious nature of the school
6. To read all communications (newsletters, daily and weekly folders, planners, etc.) from the school and request clarification, when necessary
7. To know who your child's teachers are and to observe mandatory parent-teacher conference dates and any special requests for meetings
8. To discuss concerns and problems with the person(s) most directly involved before appealing to higher authorities; contact with teachers should be during school hours and not at home on teachers' personal time. However, if a parent who intends to speak first with a teacher about an issue finds that he or she is rather upset or agitated when they are preparing to establish contact, they should seek the assistance of the school administration for making a first enquiry. It is important that all communications in these matters be respectful, charitable, and fair as parents check their understanding, bearing in mind that a child's account of an event may not be either fully complete or wholly accurate.
9. To be as actively involved as is feasible in the life of the school and to volunteer assistance when possible
10. To promote (**Catholic School Name**) and to speak well of it to others
11. To meet financial obligations in a timely manner
12. To support the fundraising efforts of the school when possible
13. To appreciate that Catholic education is a privilege that many persons do not have

Student Responsibilities

1. To abide by all school rules and guidelines
2. To keep the lines of communication open with one's parents, teachers, and other school personnel
3. To take responsibility for personal spiritual growth by participating in Christian traditions and rituals
4. To conduct oneself with dignity and to always show respect for all school personnel and students.

School Advisory Board

The role of St. Elizabeth School Board is advisory in matters pertaining to educational concerns and to the facilities of St. Elizabeth School. The purpose of the Board is to advise the pastor and principal in the establishment of policy concerning educational issues and the school facilities.

The board consists of 6-9 regular members of the board. Ex-officio non-voting members include the pastor and principal. Each member serves a two-year term and shall be eligible for reappointment for one more 2 year term, at the end of their term. Meetings are held monthly with the exception of June and July. All meetings of the board shall be opened to the members of the parish and parents/legal guardians of children in attendance at St. Elizabeth School. The right of non-voting members to address the board shall be limited to those whose petition has been approved for the agenda at least five days in advance of the meeting.

School Visitation Rights

The School Visitation Rights Act permits employed parents or guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences, academic meetings, and behavioral meetings. Letters verifying participation in this program are available from the school office upon request.
